UBend-It™ Bendable Tablespoon

The perfect cutlery solution for people with upper extremity weakness or reduced range of motion

- Features a twist in the shaft that allows it to be easily hand-bent to the left or right
- Built-up handle is contoured and textured, making it easy to hold and comfortable to use for people with arthritis or any other hand limitation
- Tab on the end can be used to attach a wrist strap
- Stainless steel utensil with polypropylene handle
- Top rack dishwasher safe

Easy to bend:
