The Arrangement Content Guidelines

1. **Respect the Rights of Others:** We take violations of laws and proprietary rights very seriously. It is your responsibility to ensure that your content doesn't violate laws or copyright, trademark, privacy, publicity, or other rights. We don't permit the use of unlicensed third party intellectual property, including but not limited to characters, logos, or lyrics.
2. **Create High-Quality Works:** We don't accept books that provide a poor customer experience. Examples include poorly formatted books and books with misleading titles, cover art, or product descriptions. We reserve the right to determine whether content provides a poor customer experience.
3. **Promote Your Own Brand:** We don't accept the excessive use of brand names or the inclusion of brand names for paid advertising or promotion.
4. **Cultivate One World at a Time:** We don't permit crossovers from other Worlds, meaning your work may not include elements of any copyright-protected book, movie, or other property outside of the elements of this World.
5. **Preserve the Romance:** New Adult content is permitted, but we don't accept pornography or offensive depictions of graphic sexual acts. Please reference the canon to guide you through what is acceptable in this category.
6. **Treat Sex as a Facet of Human Nature:** You should structure your story such that sexual content is plot and character driven, meaning it should tie into the story line and not be more than 10 percent of your work. When used, sexual content should be essential to the work's main story arc.
7. **Choose Your Words with Care:** We don't accept offensive content, including but not limited to racial slurs, excessively graphic or violent material, or excessive use of foul language.
8. **Emulate the Canon's Voice:** You should write your story in first person and present tense. Stories should contain emotionally charged subject matter similar to what appears in the canon (e.g. distasteful moral decisions that ensure survival).
9. **Tell Untold Tales:** We don't accept retellings of stories present in The Arrangement, even when told from a different point of view.
10. **Create New Stories:** We don't accept works that are merely retellings of books already published, web series, or television series episodes.
